Create your own kennel configuration with the MDK Duplex Kit

- KennelLogic Duplex panel system allows quick conversion of our 8' x 8' 4000 Series 4' wall kennels to 2 - 4' x 8' side by side kennels, add a door or create the exact kennel footprint for your situation. Great for separating dogs or quick set up of a multiple kennel configuration.
- Modular panels are 100% interchangeable with 4000 Series MDK 884 Kennels.
- Each heavy duty, all steel, 1" square tubing, with 2" welded mesh wire, carbon steel panel is bonded with Dupont™ thermoset powder coat finish that holds on tight, preventing chipping, peeling, rust and corrosion.
- Using only a 7/16" wrench, the Duplex kit can be installed in minutes.

The MDK 884 Duplex Kit (Shown with roof panel removed)

Convert a standard MDK 884 into a Duplex Kennel by replacing one existing outside panel with the included door panel. Then using the panel replaced by the door, and the panel included in the Duplex Kit to separate the inside of the kennel.

Great For: Modifying MDK 884 Kennel for dogs, small animals, livestock shelters.

- One full-color graphic retail package.
